Supt. Purcell To Speak Here

Dr. Claude Purcell, State School Superintendent, will address a joint meeting of the Statesboro High School P. T. A. and the Sallie Zetterower P. T. A. here Tuesday evening, April 4.

Dr. Purcell, for more than nineteen years with the State Department of Education, will come to Statesboro to discuss some of the serious problems facing the people of Georgia in the field of education.

J. Brantley Johnson, president of the High School P. T. A., and J. Shields Koon, president of the Sallie Zetterower P. T. A., have sent out requests to all parents in the area urging them to attend this meeting which will be held in the High School auditorium beginning at eight o'clock in the evening.

Dr. Purcell, a native Georgian, was assistant superintendent of schools in Georgia until his elevation to the office of superintendent last year. He is a graduate of Piedmont College and the University of Georgia. He has done graduate work at Peabody College and Columbia and holds a doctoral honorary degree. He has been a teacher in a one room rural school, a school principal, county school superintendent and a college professor. He is a Georgia director in the National Education Association. Dr. Purcell has played an important part in the beginning of Georgia's multi-million dollar school building program which has school buildings throughout the state.

BIRTH OF A SON
Mr. and Mrs. Ernest Franklin of Metter announce the birth of a son, on March 24. Mrs. Franklin is the former Miss Betty Edlenfeld of Portals.

It's getting so that the successful author and writer requires adjectives, not intelligence.

Portal News

Mr. and Mrs. Dan Deal, Steve and Danny were the week end guests of Mrs. L. B. Wilford. Mrs. A. T. Mincey is visiting Mr. and Mrs. Jimmy Mincey and children of Folkston, Ga.

Mr. and Mrs. L. T. Brady, Bonnie and Rhodney and Mrs. Preston Collins are spending several days with Mrs. W. D. Hawkins of Jacksonville, Fla.

Bonnie Brock of Swainsboro is spending several days with her grandparents, Mr. and Mrs. Clarence Brock.

Sonny Edlenfeld is spending the week end with his parents, Mr. and Mrs. Robert Edlenfeld.

Mr. Bill Pich and Sue were the Saturday guests of Mr. and Mrs. B. H. Trace and Sylvia of Millen, Ga.

Ronnie Anderson is spending the week end with Mr. and Mrs. Theodor Anderson and Joey.

Tony Allen is spending the week end with his parents, Mr. and Mrs. Paul Allen.

Linda Parrish is spending several days with her parents, Mr. and Mrs. Rupert Parrish.

Urbain Morris is spending the week end with his parents, Mr. and Mrs. Clayton Morris.

PORTAL H. D. CLUB MEETS
Mrs. A. U. Mincey and Mrs. J. E. Howland were hostesses to the Portal Home Demonstration Sunday Party on Tuesday. Throat pillows and complete sets made all members. One brought a covered dish. Mrs. Comer Byrd presided over the business meeting in the afternoon. Fifteen members were present.

BIRTH OF A SON
Mr. and Mrs. Ernest Franklin of Metter announce the birth of a son, on March 24. Mrs. Franklin is the former Miss Betty Edlenfeld of Portals.

Obituaries

D. H. (Hick) ROACH
D. H. (Hick) Roach, age 55, died last Wednesday night in the Bulloch County Hospital after a long illness. Mr. Roach was a native of Bulloch County but had worked and lived in Savannah for the past twenty-eight years, working for the Alfred Dorman Company and the Empire Lumber Company of Savannah as bookkeeper. He was a Mason and a member of the Sylvania Methodist Church.

Funeral services for Mr. Roach were held Friday afternoon at 3:30 from the Langston Methodist Church with Rev. F. J. Jordan conducting the service. Burial was in the church cemetery.

Mr. Roach is survived by his wife, Mrs. Pauline Parker Roach of Statesboro; two sisters, Mrs. Frank W. Olliff of Jimp, Ga., and Mrs. L. D. Conger of Miami, Fla.; one brother, Leo Roach of Statesboro; several nieces and nephews.

Smith-Tillman Mortuary was in charge of arrangements.

FRANK C. PARKER, Sr., 76, died last Saturday at a Savannah hospital as a result of injuries received in a automobile accident two weeks ago in Tuskegee, Ala.

He had lived in Statesboro since 1900 and was a livestock dealer until 1936. He was co-owner of F. C. Parker & Sons Stockyard until several years ago. He was a Mason, a Shriner and an Elk.

Survivors are his wife, Mrs. Lizzie Allen Parker; a daughter, Mrs. Frances Brown of Statesboro; a son, F. C. Parker, Jr., of Statesboro; three sisters, Mrs. Mae Waters, Mrs. Marion Raters and Mrs. Edna Aenechberger, all of Savannah; six grandchildren and several nieces and nephews.

Funeral services were conducted at 2:30 p. m. last Monday at the Statesboro Funeral Home.

BIRTH OF A SON
Mr. and Mrs. Ernest Franklin of Metter announce the birth of a son, on March 24. Mrs. Franklin is the former Miss Betty Edlenfeld of Portals.

LPN Committee Attends Meeting

Mrs. Martha Howard, member state LPN legislative committee, Mrs. Ruby Lee Darden, president First District LPN's and Mrs. Clodilde Moore, secretary First District LPN's, attended a meeting of the four joint nursing boards in Atlanta, March 14, at the Dinkler Plaza Hotel.

The following officers for the coming year were elected: Mrs. Edith Gill, LPN, Columbus, Ga., chairman; Mrs. Janie Coker, RN, Macon, Ga., vice chairman; Mrs. Marion Cadwalller, GSNL, Atlanta, Ga., secretary; and Mrs. Virginia Croft, LUG, Savannah, Ga., member-at-large.

Parliamentarian — Mrs. Jane Van de Breda.

Mrs. Gladys Gardner, Director of Public Health, Fulton County, spoke to the group. She pointed out that during emergencies, nurses, nursing students and licensed practical nurses are called on to perform functions that are not covered in present nursing laws. During the recent emergency in the state, the State Attorney General stated that the law would protect any nurse carrying out any act approved and ordered by a licensed doctor.

Mrs. Gardner stated that she felt a committee should be formed to study this problem. A committee to plan the teaching of these extended functions and to draft and provide the necessary legal protection for such endeavors. This committee would work with the attorney general.

Appointed to serve on this District Nursing Committee were: Mrs. Gladys Garland, Mrs. Elizabeth Chaney, Mrs. Sybil Robertson, Mrs. Louise Weimer, Mrs. Hammel, instructor in a professional nursing school, to serve with and guide this committee.

The next meeting of the Joint Nursing Board will be held at the Raleigh Hotel, Columbus, Ga., on November 5, 1961.

The group is under the direction of Jerry Kennedy, Special Teacher of Vocational Agriculture of Southeast Bulloch High School.

Young Farmers At Nitrogen Plant
Members of the Sillon Young Farmers were guests of the Dixie Nitrogen Company when the group was taken to the plant in Savannah on March 21st.

Upon arriving at the plant the group was taken in the main office building, where they were given some information on the future of the plant, how it operates, products manufactured by each individual plant within the main plant pertaining to the cost of operation and the expected developments to be carried out in the future.

The discussion also pointed out the process by which air, water and natural gas is combined to form what we know as ammonia, nitrate and the 20.5% nitrate nitrogen.

Following the tour of the plant the group returned to the main building for a short question and answer period.

LEEFIELD H. D. CLUB HOLDS WORK DAY MARCH 14th

The Leefield H. D. Club, under the supervision of Mrs. Gear and Miss Webb, held a work day at the lovely home of Mrs. Renee Clifton on March 14th. This being our regular meeting day with eight of our members being absent, we had two visitors, Mrs. Rufus Miley of the Ogeechee Club, and Mrs. Easterlin of Glenville, Ga. The group worked on throw pillows.

A covered dish luncheon was served at the noon hour. A short business meeting was held.

BULLOCH TIMES
Bulloch Times, March 30, 1961

business meeting was held during the afternoon with Mrs. Renee Rogers, the president, presiding. Mrs. M. S. Brannen gave the devotional. Year books were passed out to all members. Mrs. Gear made a number of announcements of interest at the close of the meeting.

Easter Seals help when crippling strikes.

Local Farm Featured In Wiring Clinic
A Bulloch County farm recently served as the sixth in the Georgia State-wide program of adult farm shop wiring clinics. The clinics, a nationwide innovation in agricultural circles, are being sponsored by the power company and conducted by the Georgia State Department of Agriculture.

The farm chosen was that of James H. Smith, Rt. 6, Statesboro. The initial portion of the clinic, a vo-cag class on farm shop wiring, was held on Wednesday, March 22, at 7:30 p. m. and the actual demonstration was held Friday, March 24 at the Smith farm.

Jerry Kennedy, special teacher of agriculture at Southeast Bulloch High School, arranged for the class and clinic. J. P. Fields, area teacher of vo-cag, Statesboro, taught the class. The GSC co-ordinator, a vo-cag class on farm shop wiring, was held on Wednesday, March 22, at 7:30 p. m. and the actual demonstration was held Friday, March 24 at the Smith farm.

Individual leaders in the Senior Women's Division are: Avis Teller from Dallas, Tex., a member of the 1950 Pan American squad and also the 1960 National AAU Tumbling champion; Janice Lanier from Baton Rouge, La., a member of the 1960 Mardi Gras Southern champion and also the Southern Association All-Around champion.

Although lacking in experience, another dark horse could finish in the top six girls in this division. Paula Pergantis, the 17-year-old Georgia Southern College freshman, shows considerable potential. With time and additional experience, she should prove to be one of the best women gymnasts in the South.

Judy Wills, the 13-year-old tumbling wonder of the world, will perform during the Friday evening session, although her competition will not take place until the Saturday afternoon session.

Frank Schmitts, talented high school gymnast from Lafayette, La., has entered the Boys' Age Group Division.

Although only a high school student, Frank works under the tutelage of Coach Jeff Hennessy of Southwestern Louisiana Institute and has captured many honors in competition with college gymnasts in the Southern Association.

Coach Hennessy rates Frank, 15, as one of the finest prospects he has ever coached. "Definitely Olympic caliber" is the term used by many of our outstanding coaches in describing the gymnastic skill of Frank Schmitts. Frank has entered all nine events for his division and has the ability to win them.

WESTSIDE SCHOOL DIST.
MEET TO BE HELD APRIL 7
An important meeting of all property owners in the Westside school district has been set for the trustees for Friday night, April 7. The meeting will be held in the Westside school building at 7:30 o'clock.

The trustees are a good attendance and said that they intended to meet in the district are invited to attend.

How much does Shell X-100 Premium cost?
If you drive the national average of 10,000 miles per year, the switch to Shell X-100 Premium (with regular oil changes) will cost you only \$3.60 more than ordinary oil — give or take a nickel. And probably nothing extra if you already use a premium grade.

Drive to your Shell service station and ask the dealer to change your oil while the engine is still hot. Be sure to ask for Shell X-100 Premium in the white can. It protects your engine from all five internal troubles listed above.

Trouble #1—additive ash
Up to now, even the best premium motor oils were powerless to guard against additive ash—because they actually created it. While endeavoring to keep your engine clean, some of the ingredients in these oils contributed to the hard crust of ash inside your combustion chamber. All other premium motor oils still have the same map.

The trouble stems from the metallic additives used to prevent scuffing, dirt deposits, oxidizing and so forth. These additives do what's expected of them, but with each stroke of the piston, they can leave a tiny amount of metallic ash in the combustion chamber where they burn and form additive ash.

This crusty ash, when allowed to build up, can affect your car's performance—can make it knock and run roughly.

New Shell X-100 Premium doesn't add to this problem—because it doesn't contain a single metallic additive.

Trouble #2—crankcase dirt
All engines accumulate crankcase dirt no matter how well they are protected by filters. The problem is to stop this dirt from getting together and forming sticky sludge which can clog your engine.

Most premium oils use a detergent additive to do the job. And they perform well. But, like other additives, most detergents are metallic and cause that old devil—ash.

BULLOCH TIMES

Fifteen Teams Entered In I. G. Champs For April 7-8
Fifteen teams have already entered the U. S. A. Invitational Gymnastic Championships to be held on the Georgia Southern College campus Friday and Saturday, April 7-8.

This championship meet will be one of the greatest sports spectacles ever held in Southeast Georgia with competitors already entered from Texas, Louisiana, Mississippi, North Carolina and Georgia. Many additional entries from Florida and other states are expected within the next few days.

The opening session scheduled in the W. S. Hanner Building Friday evening at 7:30 p. m., will bring together some of the top women gymnasts in the nation who will be competing for individual and team honors.

Advance indications are that the Edwards Gym Club of Baton Rouge, La., and the GSC co-ordinator, a vo-cag class on farm shop wiring, was held on Wednesday, March 22, at 7:30 p. m. and the actual demonstration was held Friday, March 24 at the Smith farm.

The actual demonstration was held Friday, March 24 at the Smith farm.

Jerry Kennedy, special teacher of agriculture at Southeast Bulloch High School, arranged for the class and clinic. J. P. Fields, area teacher of vo-cag, Statesboro, taught the class. The GSC co-ordinator, a vo-cag class on farm shop wiring, was held on Wednesday, March 22, at 7:30 p. m. and the actual demonstration was held Friday, March 24 at the Smith farm.

Individual leaders in the Senior Women's Division are: Avis Teller from Dallas, Tex., a member of the 1950 Pan American squad and also the 1960 National AAU Tumbling champion; Janice Lanier from Baton Rouge, La., a member of the 1960 Mardi Gras Southern champion and also the Southern Association All-Around champion.

Although lacking in experience, another dark horse could finish in the top six girls in this division. Paula Pergantis, the 17-year-old Georgia Southern College freshman, shows considerable potential. With time and additional experience, she should prove to be one of the best women gymnasts in the South.

Judy Wills, the 13-year-old tumbling wonder of the world, will perform during the Friday evening session, although her competition will not take place until the Saturday afternoon session.

Frank Schmitts, talented high school gymnast from Lafayette, La., has entered the Boys' Age Group Division.

Although only a high school student, Frank works under the tutelage of Coach Jeff Hennessy of Southwestern Louisiana Institute and has captured many honors in competition with college gymnasts in the Southern Association.

Coach Hennessy rates Frank, 15, as one of the finest prospects he has ever coached. "Definitely Olympic caliber" is the term used by many of our outstanding coaches in describing the gymnastic skill of Frank Schmitts. Frank has entered all nine events for his division and has the ability to win them.

Westside School Dist.
MEET TO BE HELD APRIL 7
An important meeting of all property owners in the Westside school district has been set for the trustees for Friday night, April 7. The meeting will be held in the Westside school building at 7:30 o'clock.

The trustees are a good attendance and said that they intended to meet in the district are invited to attend.

ROCKWELL STATESBORO CORPORATION

Celebrates 5 Years of Growth and Achievement

Picture Story of 5 Year Growth

W. F. ROCKWELL JR., president of Rockwell Manufacturing Company, receives the keys to the new Rockwell building on U. S. 301 five years ago from Mr. Thad Morris, president of the Bulloch Development Corporation. Left to right are Norman Rowland, general manager of the Statesboro plant; Mr. Morris, Mr. Rockwell and L. A. Dixon Sr., executive vice president of the Rockwell Manufacturing Company.

HERE IS A scene inside the Rockwell plant on U. S. 301. Visitors at "Open House" tomorrow, April 7, will see the plant in operation.

SOMETHING NEW IS ADDED—Here is the new section which was recently completed, increasing the floor space of the Rockwell plant here in Statesboro to 120,000 square feet.

ROCKWELL'S new testing facilities at work in front of the plant which may be seen by motorists from U. S. 301 and by visitors to the plant.

FACTS AND FIGURES ABOUT OUR OPERATIONS And What They Mean to This Community

A FIVE YEAR REPORT

Wages - \$4,651,035.00

In the past five years our payroll has totaled \$4,651,035.00. This compares with a \$355,858.00 payroll for our first year of operation in 1956. All of this money has been distributed throughout the community to the benefit of merchants for food, clothing and other necessities of life, builders of homes, automobile dealers and service stations, the utilities, and banks for savings and investment.

Area Purchases - \$1,732,034.00

Counting the cost of the building and the building addition, local purchases through the year 1960 totaled \$1,732,034.00. This has led to expanded operations and increased employment in this area by those who sell to us. Of course, most of the money we spend is again channeled throughout the trading zone to the benefit of all.

Utility Purchases - \$233,268.00

Our purchases for gas, electricity, water, telephone and telegraph totaled \$233,268.00 during the past five years. Our growing use of these services has led to increased employment by the utilities, increased local purchases of equipment and supplies by them and again, of course, more money going into local circulation.

Taxes Paid - \$439,370.00

Among the principal beneficiaries of our Statesboro operations are the tax collectors. Over the past five years we have paid out in direct taxes \$439,370.00. This figure includes taxes at the local level for properties and land, Unemployment Funds for the protection of employees as well as levies imposed by the State of Georgia in the form of Corporate Income Taxes and Capital Stock Taxes.

Employee Health Benefits - \$136,771.98

Our insurance program has contributed to the welfare of employees by paying \$136,771.98 for employee hospital and medical care during the past five years. From this we have gained a healthier group of employees. Our people have gained through being relieved, in a large measure, of financial stress during periods of illness. And the Statesboro community as a whole has benefited from this expenditure through improved facilities and more professional people to care for the sick.

GFB Mutual

Adds Crop Coverage

The Georgia Farm Bureau Mutual Insurance Company, owned by Farm Bureau families of the state, today announced that the Company will make available hail insurance on tobacco, cotton and small grains in 1961.

John R. Batts, General Manager of the Company, made the announcement during the annual meeting of policyholders held on February 15th in Macon.

The added coverage by the farm-owned company now offers the Farm Bureau family a complete line of insurance services including casualty, life, fire, farmers' comprehensive liability and crop hail.

Farm Bureau officials reported that the new service to members was made possible 3 to 5 years sooner than expected by cooperative arrangement with eight other Farm Bureau companies. The latter insurance companies are also owned by Farm Bureau families in each state.

Batts declared the pool arrangement covering the wide area of Georgia Farm Bureau Mutual a much greater margin of safety on the new type business than would be possible in a one-state operation.

Officials said the Farm Bureau would offer the standard hail contract and would render prompt settlements claims service through its own claims department.

In the annual statement prepared by the policyholders, officials reported assets of the Company had grown to approximately one million dollars within the two year period, with new business during 1960 including \$11,000,000 in new fire coverage, \$8,000,000 in life coverage. Premiums earned increased 136 percent, with over 11,500 new policies added during the year.

A total of 2,150 claims were settled; 10,344 transfers transacted, with operations involving 16,071 renewal notices.

W. C. Hodges, Jr. of Bulloch county has been named to the Board of Directors.

AAUW Met

Tues., March 21

(By Mrs. F. W. Hughes)
The Statesboro branch of the American Association of University Women held its March meeting Tuesday afternoon, March 21 in the faculty lounge of the Frank I. Williams Center. Miss Bertha Freeman, the president, presided. Prominent on the afternoon's program arranged by the program chairman, Miss Marie Wood, was an address given by Dr. Ronald Neil of Georgia Southern College faculty on "Africa." Dr. Neil based his talk on the book "The New Nations of West Africa" by Robert Theobald.

His talk was delightful and informative. He illustrated his lecture by showing a map of the principal natural divisions of the continent. He gave a brief history of Africa and pointed out the facts as Leopold II stated, "Africa has existed to be exploited," said Dr. Neil, "for it has known an almost continuous series of invasions by Europeans since the fifteenth century."

He stated that although Africa has grown rapidly from four to twenty-two independent countries the trouble in Africa today is not so much a matter of revolt against Colonial over-lords as it is the rivalry that springs up between tribes as they gain their independence. Dr. Neil described the differences in the Colonial

BULLOCH TIMES

policies of Belgium, who give "no votes, but shirts and shoes." Britain, "who expects no profits but will tolerate no loss," and France, whose policy is some what a contradictory one.

The speaker stressed the fact that a country for years carved up among great powers, would naturally suffer from growing pains when there is not enough time to grow.

During the business session Freeman reported that the Statesboro branch was over the top on the building fund. The following members were appointed on the nominating committee to present a slate of officers for 1961-1962: Miss Virginia Parker, Mrs. Helen Collins and Miss Viola Perry.

REGISTER 4-H CLUB MET
MONDAY, MARCH 13th
(By Melissa Olliff)
The Register 4-H Club met on March 13, in the auditorium. The meeting was called to order, the pledges were read and the minutes read. The meeting was then turned over to the program chairman, Jan Black. Troy Brannen read the Scripture and Linda Pyles had prayer.

A play, "My Father Will Pay" was presented by Melissa Olliff, Jan Black, Teresa Wilson, Claire Stephens, Marie Anderson, Joe Stephens and Trappell Bowen. Linda Pyles played a piano solo and Henri Ann Deal read a poem entitled "March." Then the program was turned over to Mrs. Gear and Mr. Peebles. The girls had a short course on sewing. The boys and Mr. Peebles discussed various farm matters. The meeting was then adjourned.
